Rehearsal CDs

- ChoraLine 01285 644845, www.choraline.com provides *vocal scores*, individual *SATB rehearsal CDs* and an *mp3 music streaming service*.
- **Rehearsal CDs:** There is a 10% discount for all members when ordering individual rehearsal CDs using the discount code (please see the Rehearsals Manager for this). There is a bulk discount for choirs depending on the number of CDs ordered via the Rehearsals Manager. The discounted cost of a single rehearsal CD is **£11.69 + £1.99 p&p**. A p&p-free discount applies for bulk orders of 10 CDs and over with a cost of **£10.50 per CD**, and for 20 CDs and over of **£10 per CD**.
- **EasyPlay service (Streaming and mp3 download):** The discounted cost of the *EasyPlay service* is **£8.09** for each part. Individual online orders, only, accepted. Some restrictions to download capability apply to Apple iPad and iPhone users because of iOS security imposed by Apple; ways of getting around this problem are given on the Choraline website when you click to purchase an individual voice part.

Online performance clips

YouTube: www.youtube.com

We will also provide links to our conductor's recommended You Tube performance clips of choral pieces currently being rehearsed. It is a great way to get "performance-ready" for concerts. In occasional performance clips the music score scrolls across the clip as it plays.
